## How can I help your organisation?

### **Resource Development Consultation**

for professionals and organisations

I can help you and your staff

- \* understand neurodivergent clients experiences and needs
- \* create suitable resources to support neurodivergent clients
- \* assess needs and develop respectful strategies to support neurodivergent clients
- \* and more! Tell me what's on your mind and I'll see how I can help.

### **Speaking engagements, Seminars and Workshops**

I am available to speak and facilitate workshops on a variety of topics, including (but not limited to):

- \* neurodiversity and neurodivergence
- \* autism
- \* living well as an autistic person
- \* supporting autistic people to live well
- \* sensory processing challenges
- \* creating a sensory friendly environment
- \* human rights
- \* acceptance of diversity
- \* inclusion- in education and general society
- \* homeschooling
- \* parenting
- \* advocacy
- \* and just about any combination of all of these.

I am open to discussing how I can contribute my thoughts on any topic you might find helpful. I am happy to work with people from all backgrounds and cultures, and have a keen interest in work that supports marginalised groups.

Contact me to discuss your needs and negotiate fees appropriate for the setting, number of participants and length of engagement.
